

Slomo Mother's Son

I got a whole list of things to do that I ain't done
To wake up in the morning and crawl out of bed is one

I' m just a slomo mother's, a slomo mother's son

I know it would be good to kill those demons when they're young
But I just can't draw fast enough to go and get a gun

I' m just a slomo mother's, a slomo mother's son

If I walk down a street five barking dogs can't make me run
I've always been skinny but my body weighs a ton

I' m just a slomo mother's, a slomo mother's son
